RADIATION RESEARCH SOCIETY

73rd Annual International Meeting

SEPTEMBER 12–15, 2027

JW MARRIOTT LAS VEGAS RESORT

LAS VEGAS, NEVADA

2027 EXHIBITOR PROSPECTUS

Welcome to the Radiation Research Society's 73rd Annual International Meeting

Radiation Research Society's (RRS) annual meeting features both contributed and invited papers from all fields of radiation research, particularly physics, chemistry, biology, medicine, and epidemiology. The presentations include award and invited lectures, invited symposia devoted to specific topics of current interest, refresher courses, and workshops. Poster presentations, complementary to the oral sessions, provide a more informal opportunity for communication between the attendees.

Who Attends RRS?

70% - Researchers and clinicians from over 20 preeminent US and international universities and medical schools, including radiation oncology departments. Early Career Investigators – emerging scientists and students who will be the innovators in the field; collaborate with the future in your word.
20% - Leading scientists and program directors from US funding agencies, research institutes, and national labs
10% - Leading scientists and staff from many important biomedical professions

Exhibitor Eligibility

RRS views the exhibits as an integral part of the educational and scientific program. Qualified exhibitors are limited to firms, organizations, and agencies whose exhibits promote awareness of products, technologies and services that are recognized and approved by RRS and are supportive of the objectives of the Annual Meeting. RRS has the sole right to determine the final eligibility of any firm, organization, agency, or product for inclusion in the exhibit area. Exhibitors may not assign, sublet, or apportion others to the whole or any part of the space they are allocated. Only products that are manufactured or distributed by your company may be displayed in the exhibit area.

Space Selection Process

Radiation Research Society will make every effort possible to provide exhibit space in high traffic areas. Priority will be established by sponsorship level.
