

## **Two New Member Societies Join the IARR in 2025**

Upon approval by the Council, two new organizations have been accepted as new member societies in the IARR. The IARR is happy to welcome the French Society for Radiation Biology (Société Française de Biologie des Radiations, SFBR) and the International Union of Radioecology (IUR).

The current officers/contacts for the societies are provided on the following pages. Each society is entitled to one Councillor to represent the society. Those individuals are also listed below.

**French Society for Radiation Biology (Société Française de Biologie des Radiations) (SFBR)**
