

NEW! INTEGRATIVE MEDICINE ACADEMY: A Fundamental Guide to the Basics

Educating leaders since 1973

ACAM is proud to offer the "Integrative Medicine Academy," an intensive program to guide you into the world of Integrative Medicine with a practical knowledge from the ground-up, leaving you with a valuable fund of practical knowledge and an immediately useful set of skills that would normally take years of study and practice to develop.

Step 1 Self-Study Series

The program begins with a seven-session webinar series, each lasting between 1.5-2 hours, that features our presenters sharing their hard-earned insights and practice tips.

Webinar Topics:

- Patient History & Forms
- Integrative History & Physical
- Detoxification
- Supplementation
- Systems Approach to Cardiometabolic/
Insulin Resistance
- Systems Approach to Cancer
- Systems Approach to GI
- Biomarkers
- Lab Testing
- Systems Approach to Hormones

Non-Member: \$999

Step 2 Live Meeting Track

The Academy track at the Annual Meeting heightens learning in new technologies, practical practice management and important lessons you can't get in school.

Academy Track Topics:

- Whole Person Healing & Interdisciplinary Teamwork
- Gut/Brain Connection
- Advanced Lab & Interpretation/Advanced Screenings
- Billing & Time Management
- Hormones
- The Heart-Pounding, Spirited Journey of Cancer
- Vibration/Frequency Therapies
- Emotional Healing: The Root of All Disease

Testimonial by Dr. Clyde Jensen of National University of Natural Medicine

"As an individual, I would not hesitate to fully endorse the Integrative Medicine Academy as a series of seven holistic medicine education sessions that would be enriching to any health care professional who wanted to elevate their understanding of scientific basis of wholistic and integrative medicine."
